

## Victor Reader Stratus

**Simply the easiest, most accessible  
and user-friendly media player**

The Victor Reader Stratus multimedia player provides outstanding access to DAISY books, audiobooks, music, and digital documents from more sources than ever before.

### Read. Listen. Enjoy.

With fast online capabilities, a simple 4-button navigation interface, and a cartridge reader, accessing your content both online and offline is effortless.

Designed with accessibility and ease of use in mind, the updated Stratus is the ideal media player for both your online and offline contents.

### Connect to online libraries

The Victor Reader Stratus supports the Daisy Online protocol, allowing you to connect directly with compatible libraries available in several countries to download newspapers, books and magazines easily.

## Navigate content easily

Whether you're reading novels, newspapers, or text documents, the large, tactile, high-contrast four-way arrow key pad makes navigation effortless. This DAISY and MP3 player enhances your experience with audio and text, allowing you to listen to books, music, and DAISY content while easily navigating by chapters, sections, or phrases.

## Enjoyable reading

The built-in text-to-speech feature and the ability to adjust playback speed make it fully adaptable to your preferences. With features like bookmarking and the "Where Am I?" function, which lets you pick up where you left off, it ensures a seamless reading experience.

## Convenient and versatile

The Victor Reader Stratus supports 22 languages and includes tools such as a sleep timer, information key, and a key describer to help you along the way.

With its 20 hours battery life, the Stratus is simply the best device to listen to a multitude of multimedia content!

**Language for reading:** English, French, Arabic, Dutch, Catalan, Czech, Danish, Finnish, German, Greek, Hindi, Italian, Japanese, Korean, Mandarin, Norwegian, Polish, Portuguese, Russian, Spanish, Swedish, Turkish
